**December 19, 2023**
**Attendees:** Karen, Ben, Varun, Matteo, Paul, Yann, Shebu, Glen, Don
**Minutes**

## Updated TF Project Priorities
- Matteo discussed the updated list of priorities for the coming weeks/months that came out of the TF Board meeting on Dec 13
- The list is as follows:
    - ST board enablement (STM32H5)
    - Enable FVP jobs in the cloud
    - TF-A LTS automation tickets
- The lower priority is the IAR Compiler
- [Arthur She](#) will continue working on the ST board enablement, as well as the LTS tickets
    - **\*NOTE\* Arthur's is working on the project 75%**

## Actions/Next Steps
- Arthur will get up to speed as soon as possible on the tasks/requirements list (as provided by the LTS team)
- Estimates will be created for each task
- Karen will update the TF and LTS teams ASAP as to when Arthur will start working on the tickets
- Karen will update the TF and LTS teams with an update ASAP on the overall plan (tasks and associated dates), including what can get into the LTS branches for the Go Live date on February 9, 2024
- Karen will update the team on possible risks ASAP (as a result of the plan mentioned above)
