    - Licensing TFC-198, TFC-222
        - Tim followed up w/ Mark H and was asked for more specific list of tools and FVPs which we are now getting for him.
            - Need help here
            - https://linaro.atlassian.net/browse/TFC-222 A note from one of our syncs suggests "TFC-222: Make sure someone at higher level is working to provide a work-around for the "click-thru" constraints. Moved this issue to Blocked. Need to go back to Linaro management to get progress as this was being addressed at a higher level. "
            - https://linaro.atlassian.net/browse/TFC-198 You'll notice that Ryan has commented on it "I would like to escalate the larger issue with Arm Mgmt. ...." If I understand, this one is tied more to FVP licenses, but still needs work.
    - Don, make sure Arthur picks up TFC-247
    - TFC-224, make sure getting deployed in the lab. In the next sprint.
    - Shebu: Since start of year, what are the list of "big ticket items" for FY23.

- Got info from ST - will add a new ticket.
- TFC-324 - Ben to move to In Progress when Kellie starts
- TFC-325 - Epic for RMM with a goal to start upstreaming.
- TFC-326 - Need to be added to a new group. Also now in-progress
- Dave R: TFC-321 - In backlog, moved to SC Approved
